

Group 13: Group Ledger

Mission

Track spending by group member.

Useful if group members want to track who added which transaction.

Required Features

Add at least these five features to your own copy of the budget tracker.

1. Create a list of group member names.
2. Tag each transaction with one member name.
3. Show total expenses for each member.
4. Find the member with the highest expense total.
5. Print a member summary for presentation.

Stretch Ideas

- Add equal contribution check.
- Filter transactions by member.

Beginner Instructions

1. First make sure the base budget tracker runs.
2. Add one feature at a time.
3. After each feature, run ``python main.py``.
4. If the app breaks, undo only your last change and try again.
5. Prepare a short explanation of what each feature does.

Presentation Tip

Do not only show code. Show the menu, add sample data, run your new feature, and explain the part of the code your group changed.
