

Group 7: Debt Tracker

Mission

Track money owed and money borrowed.

Add a simple debt section for students who borrow or lend money.

Required Features

Add at least these five features to your own copy of the budget tracker.

1. Record a debt with person name, amount, and reason.
2. Record a payment made toward a debt.
3. Show the remaining amount for each debt.
4. Add a due date reminder message.
5. Show the total amount owed across all debts.

Stretch Ideas

- Separate money borrowed from money lent.
- Mark debts as fully paid.

Beginner Instructions

1. First make sure the base budget tracker runs.
2. Add one feature at a time.
3. After each feature, run ``python main.py``.
4. If the app breaks, undo only your last change and try again.
5. Prepare a short explanation of what each feature does.

Presentation Tip

Do not only show code. Show the menu, add sample data, run your new feature, and explain the part of the code your group changed.
